

# Avoiding Vaccine Damage<sup>1</sup>

[HarbingersOfTheApocalypse.com/p](http://HarbingersOfTheApocalypse.com/p)

If **forced** to vaccinate, can one help protect from the damage?

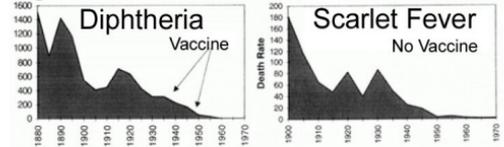

Vaccines can cause severe damage because the “Vaccine Court” has awarded more than **\$3 billion<sup>2</sup>**, certainly not for nothing. It is probably only a small fraction of what really is deserved, since many severe cases have been denied and many awards have been insufficient, often after an arduous process<sup>3</sup>.

Dr. Toni Bark affirms that of hundreds of unvaccinated patients:<sup>4</sup> ***“I don't have one child who was not vaccinated who also has asthma, food allergies, or Asperger's or autism, or Crohn's or ulcerative colitis—none of these ... the kids with chronic illness are the kids who were vaccinated.”*** This is irrefutable evidence against vaccines and **cannot be coincidence**. Injecting children with deadly toxins will certainly harm them.

If 10 persons together get sick shortly after eating at a restaurant, it is almost certain that the cause was the restaurant. Hundreds of testimonials by parents say their child was healthy and happy, but shortly after vaccination suffered great damage. By the mathematical theory of probability, such a large number of cases show causality

Vaccine defenders claim *“coincidence is no proof of causality”<sup>5</sup>*, but as illustrated above

coincidence can be evaluated only with reference to frequency and probabilities. **They contradict themselves** because they accept that smoking causes lung cancer since they coincide sufficiently. Dr. Bark's and parents' experience is far more than sufficient.

The graphs clearly show that vaccines added nothing to the historical decline of these diseases, but rather it appears the diphtheria vaccine made it slightly worse<sup>6</sup>. It is similar for typhoid fever, measles, whooping cough, and polio<sup>7</sup>. So, vaccines get no credit<sup>8</sup>.

Vaccines are deemed effective by production of antibodies, not by comparing disease rates in vaccinated persons, so clinical evidence of effectiveness is lacking<sup>9</sup>.

A lower-weight 6-month-old boy can receive **19.5 times the safe amount<sup>10</sup> of mercury** from a Fluzone shot. Since dose is not adjusted for body weight, a 3-year old receives **11 times** the concentration as a 300 pound man. Now instead of mercury, a two-month old baby receives 1,225µg of **neurotoxic aluminum, 50 times the safe level<sup>11</sup>** and autism continues unabated. What rational person can say this is not dangerous?

A newly discovered contributing factor is

that **glyphosate<sup>12</sup>** (Roundup), which increasingly contaminates food, reduces the body's ability to eliminate toxins, rendering one much more susceptible to vaccine damage.

Money of course is the great driving force of it all, but I am sure the vast majority of participants are simply trying to do good and earn a living, honestly believing vaccines are beneficial. But by the **Georgia Guide-stones: “Maintain humanity under 500,000,000 in perpetual balance with nature.”. Elimination of 6.5 billion of us will happen only by purposeful action.**

**I am not a doctor so nothing here is medical advice**, but are my personal beliefs based on evidence I have studied.

What I would do for **protection<sup>13</sup>**: 1) Obtain an exemption to give few or no vaccines.<sup>14</sup> 2) Why is one child is harmed and another apparently not by the same vaccine? Probably the most important factor is the general state of nutrition and health. For example, lack of vitamin D<sub>3</sub> makes a child more susceptible to autism,<sup>15</sup> especially those with dark skin who get less from sun exposure. Daily take *high-quality* nutritional supplements<sup>16</sup> that do not contain iron. (cheap ones won't do much good). 3) Before and after vaccination, take 1000mg or more of vitamin C, plus omega-3 fish oil, antioxidants such as vitamin E, astaxanthin, curcumin &

quercetin, and avoid immune-stimulating supplements, all to reduce the harmful reaction of the immune system to vaccine adjuvants. 4) Avoid oils that increase inflammation such as corn, safflower, sunflower, soybean, canola and peanut oils. 5) Always insist on single-dose vials, which have less preservative (mercury, etc.). 6) Accept only one shot per visit to the doctor and try to wait at least a month between vaccinations, to not overload the child's detoxification system 7) Never accept a vaccine when the child is sick as his resistance will be low, 8) Be extra careful the younger or lower-weight the child, as the concentration of toxins will be higher, 9) Accept only shots required.

**Detoxification**<sup>17</sup> is of utmost importance, and **continued deterioration can be expected if toxins remain.** Glutathione is the body's most important anti-oxidant and detoxifier<sup>18</sup>, and toxins deplete it and can cause a vicious circle of lower and lower glutathione. It can be increased by supplementing with N-acetyl cysteine<sup>19</sup> and antioxidants such as alpha-lipoic acid<sup>20</sup>, vitamins C & E, astaxanthin<sup>21</sup>, grape seed extract, etc. Search "autism glutathione" for more details, and "autism chelation", another method for detoxifying heavy metals. ToxDetox<sup>22</sup> suppositories combine glutathione and chelation and could be very effective. **If your child is already dam-**

aged, see [cdautism.org](#)

God has told us that "... in the last days perilous times shall come." 2 Timothy 3:1, and it is only going to get worse. The salvation of your eternal soul is a personal matter between you and God and does not depend on ritual, traditions, human effort or belonging to any church, religion or organization: "*For by grace you have been saved through faith; and that not of yourselves, it is the gift of God; not as a result of works...*" Eph. 2:8-9 No matter what kind of person you are or what you have done: "*If we confess our sins, He is faithful and righteous to forgive us our sins and to cleanse us from all unrighteousness.*" 1 John 1:9 Pray today to put your faith in Jesus Christ alone: "*For God so loved the world, that He gave His only begotten Son, that whoever believes in Him shall not perish, but have eternal life.*" John 3:16 Then study the Bible to live in obedience to God: "...if anyone is in Christ, he is a new creature; the old things passed away; behold, new things have come." 2 Cor. 5:17
