

The Flu Vaccine

HarbingersOfTheApocalypse.com/p

Another Epic Fail for Influenza Vaccine¹

CDC caught inflating flu deaths to sell more vaccines²

Safety: Recently the flu vaccine is recommended for pregnant women, but the 2014 package insert³ says: “**Safety and effectiveness of Fluzone has not been established in pregnant women** p.2... *Animal reproduction studies have not been conducted with Fluzone p.11...also not known whether Fluzone can cause fetal harm when administered to a pregnant woman or can affect reproduction capacity p.11...Fluzone has not been evaluated for carcinogenic or mutagenic potential or for impairment of fertility p.15.*”

Recommendation without clear proof of safety seems **criminal** to me. With such deception, can you believe any promotion of

this or any vaccine? “*But evil men and impostors will proceed from bad to worse, deceiving and being deceived.*” 2 Timothy 3:13

Flu shots during pregnancy lead to 4,250 percent increase in fetal deaths.⁴

Combining vaccines and pharmaceuticals can be much more dangerous than each alone, but: “*Data evaluating the concomitant administration of Fluzone with other vaccines are not available*” p.11.

Documented Side Effects: “*Guillain-Barre Syndrome, myelopathy and radiculopathy; psoriasis and psoriatic arthritis; chronic inflammatory demyelinating polyneuropathy; skin rash, fatigue, and scarring; brachial neuritis; shoulder injury related to vaccine administration, autoimmune demyelinating condition, bursitis, Bell's palsy and urticaria/angioedema; bilateral brachial neuritis; meningoencephalitis and optic neuritis; transverse myelitis, serum sickness and pain amplification syndrome of childhood fibromyalgia; acute disseminated encephalomyelitis; rheumatoid arthritis; significant aggravation of an underlying COPD and other pulmonary conditions, and death.*”⁵

Toxic Ingredients: “*Each 0.25 mL dose from the multi-dose vial contains 12.5 mcg mercury p.13*”, so a baby can receive over **19 times the EPA safe amount.**⁶

Formaldehyde is highly toxic to all animals, is a known carcinogen, and about 137 mcg ingested per kg of body weight has been reported to kill an adult.⁷ An average 6-month old weighs about 7.9 kg⁸ and can be injected with about 5% this lethal amount. This should be enough to significantly raise the risk of cancer.

“*Triton X-100... is widely used to...permobilize the membranes of living cells.*”⁹ Doesn't appear to be an inactive ingredient.

It is “*...very toxic to wildlife, particularly aquatic organisms...a long-term threat...*”¹⁰

Do you want to inject this?

The FDA can approve unlabeled ingredients, so who knows what else there is.

Since dosage is not adjusted for weight, a 3-year old receives **11 times the concentration** of these dangerous toxins as a 300 pound person. What rational person can say all this is not dangerous, and could not cause neurological damage and autism?

Effectiveness: “*...Every year, hundreds of thousands of respiratory [flu] specimens are tested across the US. Of those tested, on average 16% are found to be influenza positive.*”¹¹ That is 84% of what is considered to be flu is missing the flu virus, the only thing the vaccine is claimed to combat.

The package insert first says that specific levels of antibodies from the vaccine “*have*

During the 2012-2013 Flu Season, **233** pregnant women were hospitalized.

The flu shot can help protect pregnant women & newborns.

Not been correlated with protection from influenza...p.14.” Then they measure the effectiveness of the vaccine by how much antigen it produces (not by how much it reduces the incidence of the flu). So, their assertions of effectiveness are **not based on clinical evidence**.

Furthermore they say “*In some human studies, antibody titers $\geq 1:40$ have been associated with protection from influenza illness in up to 50% of subjects* p.14.” In other words, in a few studies (but not *many* or *most* or they would have said so), the best result they could find puts an upper limit of 50% for effectiveness. But, how effective and how did they measure it?

Finally to make matters worse, they discuss how effectiveness will be less if the antigen of the vaccine does not match the particular flu virus, since the viruses mutate, etc., etc, which they admitted happened this year.

So the most they can say is: “*The best way to prevent the flu is by getting vaccinated each year.*”¹² But the greatest protection is a strong immune system which results only from God's nutrition and vitamins.

Motivation: Money of course is the great driving force of it all, and I am sure the vast majority are simply trying to do good and earn a living, honestly believing vaccines are beneficial. The **Georgia Guidestones**¹³:

“Maintain humanity under 500,000,000 in perpetual balance with nature.” **Elimination of 6.5 billion of us will happen only by purposeful action.** Triton-X, mentioned above, is a known spermicide.¹⁴

Vaccines certainly cause severe damage because the US “Vaccine Court” has awarded more than **\$3 billion**¹⁵, probably only a fraction of what really is deserved, since many severe cases have been denied and awards have been insufficient, often after an arduous process¹⁶. And now, **the flu vaccine is one of the worst offenders**.¹⁷

It is certainly worthwhile to protect one's health, but the most important issue for you is the salvation of your eternal soul. It is a personal matter between you and God and does not depend on rites, traditions, human effort or belonging to any church, religion or organization: “*For by grace you have been saved through faith; and that not of yourselves, it is the gift of God; not as a result of works...*” Eph. 2:8-9 No matter what kind of person you are or what you have done: “*If we confess our sins, He is faithful and righteous to forgive us our sins and to cleanse us from all unrighteousness.*” 1 John 1:9 Pray today to put your faith in Jesus Christ alone: “*For God so loved the world, that He gave His only begotten Son, that whoever believes in Him shall not perish, but have eternal life.*” John 3:16 Then study

the Bible to live in obedience to God: “...if anyone is in Christ, he is a new creature; the old things passed away; behold, new things have come.” 2 Corinthians 5:17
