

Vaccine Mishaps

HarbingersOfTheApocalypse.com/p

There are hundreds of testimonials by parents that “my child was healthy and happy until vaccinated,” similar to the following summaries. See references for full stories.

Shelena:¹ “...He was born perfect. ...The first few months of his life...treated by one round of antibiotics after another” The nurse said vaccination was OK if he had no fever. “My baby boy received 6 shots that day. He developed a high fever, he had a red and swollen lump on his thigh were they jabbed him. He screamed all night, his cheeks were beet red², and he was very irritable for days ...[The doctor] assured me these were all normal reactions....

“...I continued to vaccinate him...his mental and physical health slowly deteriorated ...At 12 months he received his MMRV. ...He lost all eye contact, stopped responding to his name, started spinning in circles, flapping his hands...screamed and tantrumed most of the day, and he was a very sick, hurting, and miserable child ...a psychologist ...determined he had autism spectrum disorder.

“At the age of four...we started the DAN (defeat autism now) protocol...Our son went from a nonverbal, self-abusive, diaper wearing, miserable boy, to being fully potty trained, began...to communicate...one or two

word sentences, his self-injurious behaviors almost disappeared, and he was happy again!

“His progress has been slow, but steady. He is now 10, and can communicate anything in full sentences, he can read and write, is a math expert, meltdowns are few and far between, and he is a happy child!...Living with autism on a daily basis can be unpredictable, stressful, challenging, EXPENSIVE, and exhausting.”

One is thankful for progress, but how much better it would have been without vaccinations. Is there any rational person who could doubt that the vaccines were the cause?

Four Month-Old Infant From Tennessee Passed Away After Given 7 Vaccines:³

Parents...are mourning the loss of their baby girl Ja'Liyah... after she passed away in her sleep, less than four days after receiving seven vaccines.... Ja'Liyah's autopsy report did not mention the vaccines even though she still had the knots on her legs at the injection sites. Her cause of death was ruled “Unknown, Undetermined.” The autopsy stated Ja'Liyah had no significant medical history contributing to her death....

...The CDC and vaccine manufacturers admit life-threatening allergic reactions and death can be the outcome of receiving any vaccine. ...Multiple vaccines ...can increase their chance of suffering a lethal reaction ...

African-American and some Native American infants suffer from sudden infant death syndrome (SIDS) at rates two to three times more than other babies. ...

Linda W.:⁴ “My son Austin was born in Aug 1996, and was the picture of health when born....When he was 14 months, with an ear infection, they decided ... to give him not only the powerful MMR vaccine, but the mercury laced Chicken Pox vaccine all on the same day. ... within a short time... he has stopped using the few words that he had so proudly mastered, and no new words...

“He was strangely disconnected, not making eye contact, ... about a year later, when he had only 10 or 15 words of language that I got the diagnosis Autism. ... no cure and no treatment. ... Fortunately, I didn't believe them, and worked tirelessly on the internet ... The gluten free/casein free diet was the major turning point. He started talking and stopped the tantrums ... Many types of behavioral treatments were tried. Every little bit helped.

“Today, my 10 year old son is fully integrated into a mainstream 5th grade class. He excels in math and science, programs video games, can make and edit digital movies, loves dragons and wizardry, and has friends to play ball and games with. He is a quirky, but loving, affectionate and intelli-

Father Jailed for Life Without Parole After His 12 Week-Old Daughter Died After Receiving 8 Vaccinations⁵

gent child. ...But there is no doubt whatsoever in my mind that the vaccines were the straw that broke the camels back of my son's fragile system and that damaged him possibly for life....”

NF—Canada:⁶ “I believe 100% that my daughter was damaged from the vaccines. In Dec 2007 my 5 month old daughter was given...diphtheria, tetanus, pertussis, polio, Hib, hepatitis B, Meningococcal C and Prevnar ...Two days later she had a grand mal seizure. ...the next day...She had another seizure... In July 2008 she received five vaccines at the same time – meningococcal C, measles, mumps, rubella and chickenpox. ...Within a week she was having 2 seizures a week, then ...multiples in a day. She also stopped talking – she won't even babble, just moans different pitches....”

“Three MRIs, spinal tap, dozens of blood

tests, liver, muscle, skin biopsies – no answers. ... I was never warned of these possible side effects. I found out through my own investigation. ...

“The second vaccine incident I first brushed off because I was reassured by many health-care professionals that they can't possibly be linked together. The third immunization incident the same thing... I am convinced 100% that these shots have damaged my daughter forever.

“She is now 15 1/2 months old she has grand mal cluster seizures every 4-7 days... She can't wave, clap or mimic anything at all. She used to dance to music now she won't. She used to smile and laugh all the time – now it's a struggle to get her to laugh. She can barely pull herself to stand. Walking anytime soon does not look promising. ... you name it she has gone through it.

“I cry every day for my child ... I don't want even one more mother and child to go through what we're going through. It's preventable and avoidable.”

Don't risk this kind of tragedy. Study the issue for yourself. See “Avoiding Vaccine Damage” and “Vaccine Roulette” for more explanation⁷. **If your child is already damaged, see cdautism.org.**

There can be little hope in the world system, but there can be very good news for you per-

sonally. The salvation of your eternal soul is a personal matter between you and God and does not depend on rituals, traditions, human effort, or belonging to any church, religion or organization: “For by grace you have been saved through faith; and that not of yourselves, it is the gift of God; not as a result of works...” Ephesians 2:8-9 No matter what kind of person you are or what you have done: “If we confess our sins, He is faithful and righteous to forgive us our sins and to cleanse us from all unrighteousness.”

1 John 1:9 Pray today to put your faith in Jesus Christ alone: “For God so loved the world, that He gave His only begotten Son, that whoever believes in Him shall not perish, but have eternal life.” John 3:16 Then study the Bible to live in obedience to God: “...if anyone is in Christ, he is a new creature; the old things passed away; behold, new things have come.” 2 Corinthians 5:17
