

## The Ruse of Vaccines

Almost daily we are encouraged to “get your flu shot” or other vaccines, and without further investigation, most are convinced that they will protect from disease and give a huge benefit. This is a bald-faced attempt to take credit for reductions in diseases by modern sanitation before vaccines, and an exaggeration of the seriousness of childhood diseases such as measles and chicken pox.

All we need to do to understand the truth is to read a typical vaccine insert, which almost always mentions **neurotoxins** like **mercury, aluminum, formaldehyde, 2-phenoxyethanol, benzethonium chloride**, etc. But worse the FDA even allows unlisted ingredients, so not all are known to us.

Big pharma claims these ingredients are needed to prevent infection, especially for multi-dose vials. But since vaccines are so loaded with neurotoxins, it is reasonable that there indeed is a link between autism and vaccines.

Before vaccines autism was virtually unknown, and in 1980 it was 1 in 10,000 cases, but now it is at least 1 in 50. That is the period when the number of recommended vaccines increased dramatically.

In fact, in addition to neurotoxicity and brain damage, vaccines often protect you little from disease, and may even make you more susceptible.<sup>1</sup> Effectiveness is measured by antibodies produced, only a part of resistance to disease, **not by clinical results**. Recently there have been outbreaks of disease where 100% were vaccinated.<sup>2</sup>

So claiming there is no link between autism and vaccines is like claiming that there is no link between sex and reproduction. 100's of cases are reported on the Internet that “our child was happy and normal until vaccinated, and soon became autistic”.<sup>3</sup>

Assume that **only 50** of these are valid, and given the current odds of autism as 1 in 50, then  $(1/50)^{50}$  gives about **1 in 10<sup>85</sup>** odds that all 50 as a whole were by random chance. For perspective, estimates are for about 10<sup>80</sup> atoms in the universe. But since autism was virtually unknown before vaccines, this makes it a **certainty** that **vaccines are a primary cause of autism**.

But anecdotal evidence like this is not accepted by big pharma, but only double blind testing. Such indeed is excellent **if a true placebo**, which has no effect at all,

is used, but is very expensive. But for testing vaccines, almost always **another vaccine** is used.<sup>4</sup> This makes the tested vaccine appear much safer than it really is, and is clearly **fraudulent**. But it is argued that it makes for a fairer comparison “*Do not accept a bribe, for a bribe blinds those who see and twists the words of the innocent.*” [Exodus 23:8](#) Big pharma has used its massive influence and finances to bribe medical schools, government agencies like Congress (by contributing to their election campaigns), the FDA, CDC and IOM (by paying for drug trials and offering plush jobs later), mass media (by paid advertising), and health insurance. Most believe what they are told by government, and so conclude that there is no link between autism and vaccines, and that vaccines are hugely beneficial.

Med schools, controlled by big pharma, teach that the only good medicine is based on drugs and that nutrition is only useful for gross nutritional deficiency. But good nutrition and resulting good health is not in their interest because they would sell many fewer drugs. The average med school graduate starts out with about \$190,000 debt and repaying it is very difficult without going along with the system.

Big pharma has been protected from all vaccine liability by the 1986 National Childhood Vaccine Injury Act,<sup>5</sup> and liability was transferred to the government. If your child is injured by vaccines, it is an **arduous** process at best to get compensated, and many, many deserving cases have been **denied** because of the rigorous requirements. It seems clear that the system was designed for maximum obstruction and it is severely failing to fulfill its mandate. In spite of the difficulties, the government has awarded **more than \$4 billion** for vaccine injuries, including for **autism**, showing that there actually is a link between vaccines and autism.

**Short-term**, probably most important is the **profit motive**. Vaccines are big business for big pharma, not just for the billions they reap from the vaccines themselves, but also from a business model that makes the vaccine-sickened and vaccine-injured customers for life. They convince most of the public to oppose antivaxxers by the myth of “**herd immunity**” and other false concepts.

The huge cost of taking care of people with scrambled brains outstrips any profit motive. Only in **pursuit of huge profits** would this be accepted and approved.

A very real incentive over the longer term is the covert **depopulation agenda** of the power elite, to return the earth to its pristine state of times past, which will only happen by intentional action.<sup>6</sup>

But the **ultimate aim** of vaccines is probably to damage the minds of people so they will easily submit to the **New World Order** and **tyranny** in the coming **Tribulation**,<sup>7</sup> by murdering the souls of our children. We can expect it to only get worse: “*evildoers and impostors will go from bad to worse, deceiving and being deceived.*” 2 Tim 3:13

**Don't miss the Rapture.**<sup>8</sup> The **salvation of your soul** is personal between you and God and does not depend on rites, clerics, traditions, good works, baptism, or belonging to any church or religion: “*For it is by grace you have been saved, through faith, and this is not from yourselves, it is the gift of God, not by works...*” Eph 2:8-9 No matter what kind of person you are or what you have done: “*If we confess our sins, he is faithful and just and will forgive us our sins and purify us from all unrighteousness.*” 1 John 1:9 Pray today to put your faith in Jesus Christ alone: “*For God so loved the world that he gave his one and only Son, that whoever believes*

*in him shall not perish but have eternal life.*” John 3:16 Then study the Bible to live pleasing to God: “*...if anyone is in Christ, the new creation has come: The old has gone, the new is here!*” 2 Cor 5:17

**Please pray like this with all sincerity.** "Dear Lord Jesus, I confess I am a sinner, and I ask for your forgiveness. I believe you died to forgive my sins and rose from the dead. I trust and follow you as my Lord and Savior. Please guide my life and help me to do your will. In the name of my Lord Jesus Christ, Amen."
