

Vaccine Roulette

Why is one child grievously injured and another *apparently* not by the same vaccines? That vaccines cause damage is beyond dispute because the US "Vaccine Court" has awarded more than **\$3 billion**¹, likely very much less than what is really deserved².

There are hundreds of testimonials on the Internet of parents affirming that "my child was healthy and happy until he was vaccinated"³. Autism was unknown among the Amish before vaccinating their children⁴ Dr. Toni Bark affirms that of hundreds of unvaccinated patients:⁵ **"I don't have one child who was not vaccinated who also has asthma, food allergies, or Asperger's or autism, or Crohn's or ulcerative colitis-none of these ... the kids with chronic illness are the kids who were vaccinated."** All this is irrefutable evidence, which by the mathematical laws of probability **cannot be coincidence**, as doctors are prone to claim.

Factors in vaccine damage: Excellent general health and nutrition of a child is very important because it makes him more able to defend against and eliminate the toxins. For example a sick child has low resistance and the toxins could do much more harm.

Most flu shots contain mercury and most childhood shots contain aluminum. Since these are much more toxic together than either alone, **multiple vaccines at a time can**

be very dangerous.⁶ It is very logical that injected neurotoxins would cause autism and neurological disorders.

Mercury and the **environmental toxin** lead together are 100 times more toxic than either alone⁷, and similarly for cadmium, arsenic, fluoride, pesticides and some other toxins.

Newly discovered is that **glyphosate**⁸ (Roundup) increasingly contaminates food and reduces the body's ability to eliminate toxins, rendering one much more susceptible.

There are surely **genetic and individual factors** making for greater *susceptibility*, but to blame such susceptibilities is illogical and is like blaming a bridge which collapsed under gross overload way beyond design limits. Were such susceptibilities the cause, our ancestors would have suffered the same rates of autism and neurological damage as now.

A 6-month-old can receive **19.5 times the safe amount**⁹ of mercury from a flu shot. Since dose is not adjusted for body weight, a 3-year old receives **11 times** the concentration as a 300 pound man.

All these factors are **very important** and not obvious, so it would appear to the casual observer that vaccine damage occurs randomly, like Russian roulette. However, knowledge of these factors should be very useful in reducing the risk if one chooses to vaccinate.

Specific Problems: Sudden Infant Death Syndrome (SIDS) occurs most frequently

Is the bridge to blame?

between 2 and 4 months of age, just when a baby is receiving his first battery of vaccines, certainly not a coincidence¹⁰.

Autism was unknown before 1943, but in 1980 1 in 10,000 children were autistic, and now it is 1 in 50¹¹. But this is only the tip of the iceberg. **17% are now developmentally disabled**¹² and **27% have chronic disease and disorders!**¹³ I believe most are harmed at least sub-clinically.

Social Implications: Rarely a neurologically damaged child is a near genius in some very narrow way, though he is obviously abnormal in many other ways¹⁴. This indicates that damage is likely concentrated in selected areas of the brain, but other parts can remain essentially undamaged.

Alcohol and narcotics generally first impair the more delicate higher mental capacities, such as good judgment, inhibitions, conscience, etc. Vaccine damage would do the same, but more permanently. Persons show-

ing symptoms of sub-clinical damage are not un-common.

Since boys are about 4 times more prone to damage than girls, damaged intelligence¹⁵ would logically account for the declining ratio of men vs. women college graduates¹⁶.

No speech or impaired speech and sight problems like dyslexia are common. Damaged inhibitions would tend to uncontrolled behavior. Damaged good judgment would tend to failure in life. Damaged capacity for giving and receiving love would tend to social maladjustment. Damaged conscience would tend to criminal tendencies. I believe vaccines are at the root of many social ills.

Vaccine damage can send you to **prison** if it is falsely judged to be child abuse.^{17,18}

Why would they do this? Money of course is the great driving force of it all, and I am sure the vast majority of participants are simply trying to do good and earn a living, honestly believing vaccines are beneficial.

Georgia Guidestones:¹⁹ *"Maintain humanity under 500,000,000 in perpetual balance with nature". Elimination of 6.5 billion of us will happen only by purposeful action.*

For **Protection** see "Avoiding Vaccine Damage"²⁰ Good vaccine websites: nvic.org, vaxtruth.com, childhoodshots.com, ageofautism.com. Good health: mercola.com, naturalnews.com. If your child is already damaged, see cdautism.org.

There can be little hope in the world system, but most important the **salvation of your soul** is personal between you and God and does not depend on rites, clerics, traditions, good works, or belonging to any church or religion: *"For it is by grace you have been saved, through faith, and this is not from yourselves, it is the gift of God, not by works..." Eph 2:8-9* No matter what kind of person you are or what you have done: *"If we confess our sins, he is faithful and just and will forgive us our sins and purify us from all unrighteousness."* [1 John 1:9](#) Pray today to put your faith in Jesus Christ alone: *"For God so loved the world that he gave his one and only Son, that whoever believes in him shall not perish but have eternal life."* [John 3:16](#) Then study the Bible to live pleasing to God: *"...if anyone is in Christ, the new creation has come: The old has gone, the new is here!"* [2 Cor 5:17](#)

Please pray like this with all sincerity:
"Dear Lord Jesus, I confess I am a sinner, and I ask for your forgiveness. I believe you died to forgive my sins and rose from the dead. I trust and follow you as my Lord and Savior. Please guide my life and help me to do your will. In the name of my Lord Jesus Christ, Amen."
